- Display & Control where no communication available
- Monitor your Usage & Generation in Realtime via dedicated display
- 2 Years Warranty

Maxxiom Peer to Peer Wireless Display Screen adds full visibility and control over your Maxxiom products, without the need for an internet connection. When living remote out of range of cellular communication or internet Wi-Fi, this accessory provides visibility over your Maxxiom products. Maxxiom display comes preconfigured to your system with very simple steps to get the unit connected. When display is being used for Guest stay accommodation, the settings can be locked out to prevent unauthorised usage, of the settings menus.
